Re: Docket No. 2006 65 C - Petition of Donald A Quick on behalf of the residents in Center Creek Community Requesting to change or add additional local telephone providers in Ridgeway SC.

Dear Mr. Melchers;

This letter is in response to a verbal request by Mr. Patrick Turner, wherein he asked that I clarify a specific point for him, and the commission. Therefore, the following is submitted to all parties.

The petition states, in part: we "do herewith petition the Public Service Commission, to change, or add additional telephone service (providers) for our area". It is not now and never has been our desire to request the PSC to require Bell South, or any other provider to take over the territory at issue. As pointed out in the petition, the western half of Center creek Road is serviced by Verizon, while Bell South services the areas to the South and West of Center Creek Road. TruVista, formerly Ridgeway Telephone Co, services the Eastern half of Center Creek Road and areas to the East and both companies were named due to their proximity to the area in question.

Sincerely,

Donald A. Quick
